## GEOTECH/

is another important milestone on the road of product research and development that Floorgres has been travelling for many years.

An appealing range of colours with discrete and bold tones to provide the perfect match for different design settings.

Three finishes suitable for any application setting: natural, textured and an innovative ribbed version for exteriors.

Eight sizes, including an **80x80 cm slab** specifically designed for architectural applications.

Unusual and refined graphics, evoking the appearance of fossil wood from ancient Mediterranean forests.

## GEOTECH/

s'inscrit à plein titre dans le parcours de recherche et développement des produits auquel Floorgres se consacre depuis longtemps.

Un nuancier attrayant avec des tons neutres et des teintes vives qui satisfont à toutes les exigences de projet.

Trois finitions adaptées à toutes les destinations d'usage: mate, structurée et l'innovante version cannetée pour extérieurs.

Huit formats parmi lesquels la dalle **80x80** créée spécialement pour l'architecture.

Le graphisme, insolite et raffiné, rappelle le bois fossile des forêts méditerranéennes.

## GEOTECH/

fügt sich voller Würde in den Produktforschungs- und -entwicklungsprozess, dem sich Floorgres schon lange widmet.

Eine attraktive Farbkarte mit neutralen und lebhaften Farbtönen erfüllt alle Projektanforderungen.

Drei Oberflächenausführungen eignen sich für alle Einsatzbereiche: natürlich, strukturiert und die innovative Canneté-Ausführung für Außenbereiche.

Acht Formate, darunter die speziell für die Architektur konzipierte **Platte 80x80**.

Die ungewöhnliche und raffinierte Grafik erinnert an das Fossilholz der mediterranen Wälder.

## GEOTECH/

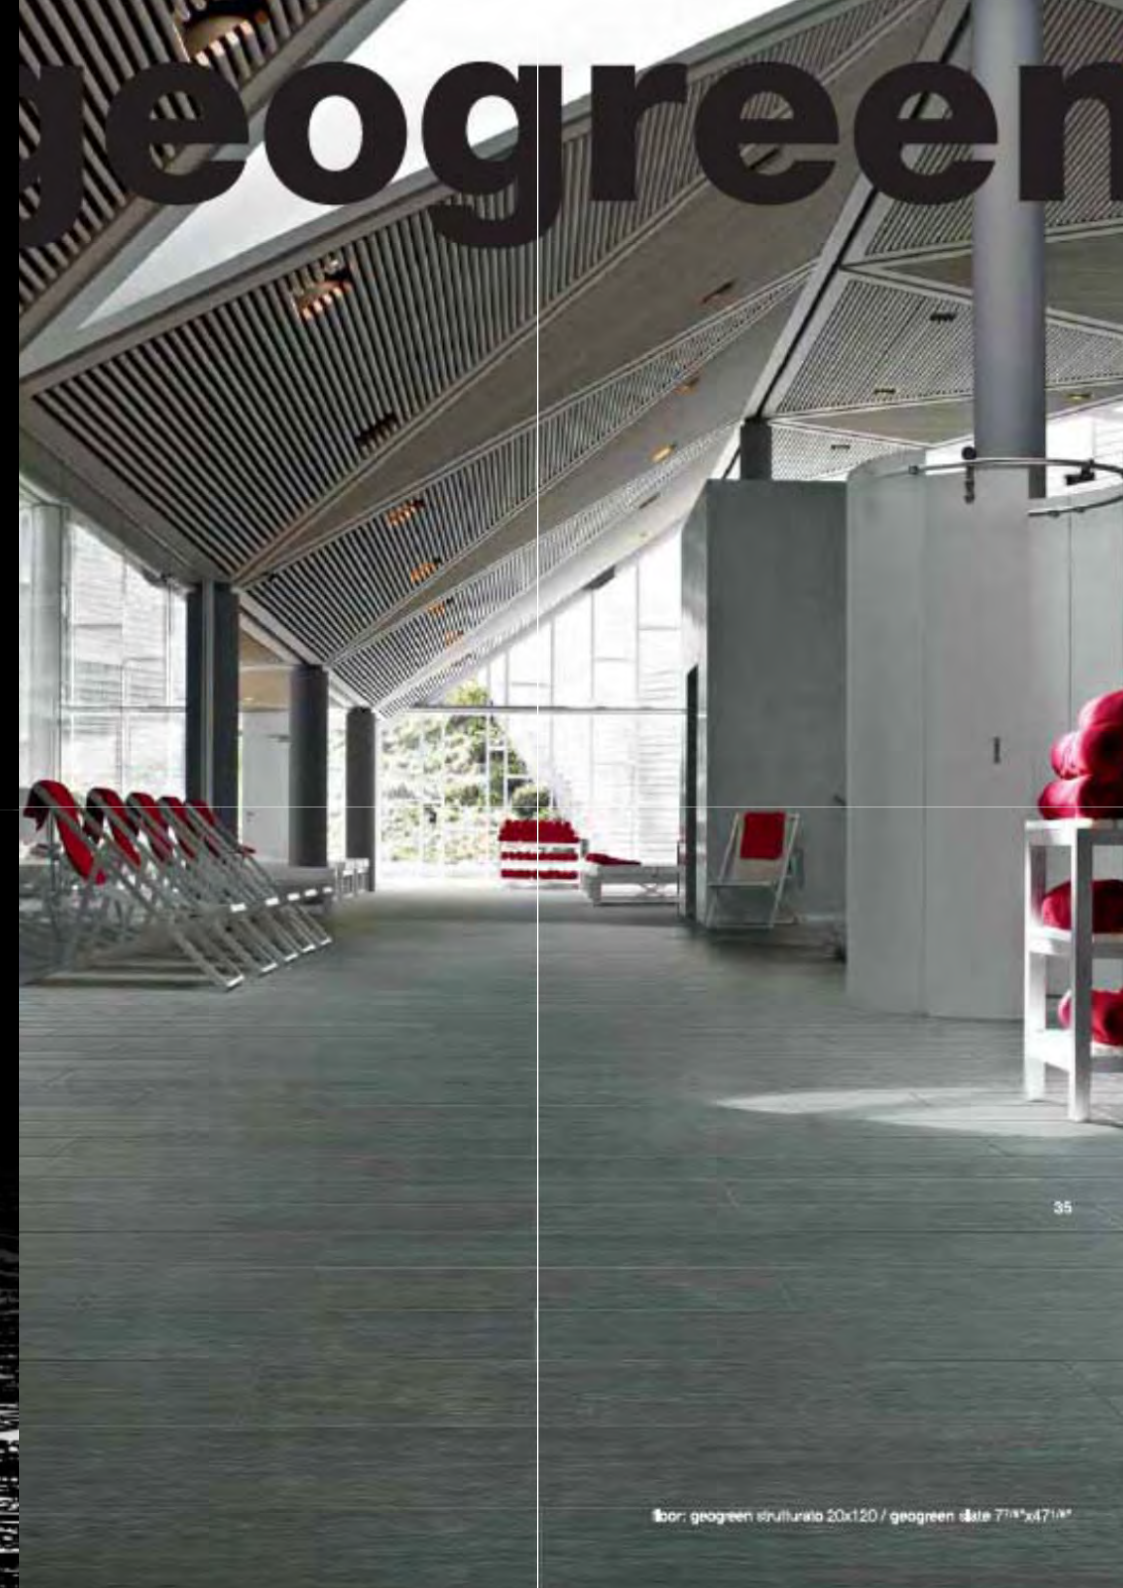

se introduce a todos los efectos en el plan de investigación y desarrollo de productos del que Floorgres se ocupa ya hace tiempo.

Una atractiva carta de colores con tonos neutros y colores vivos para satisfacer las varias exigencias de diseño.

Tres acabados que sirven para cualquier utilización: natural, estructurado y la innovadora versión canneté para exteriores.

Ocho formatos, entre ellos la losa de **80x80 ideada** expresamente para la arquitectura.

La gráfica, inusual y refinada, recuerda la madera fósil de las selvas mediterráneas.

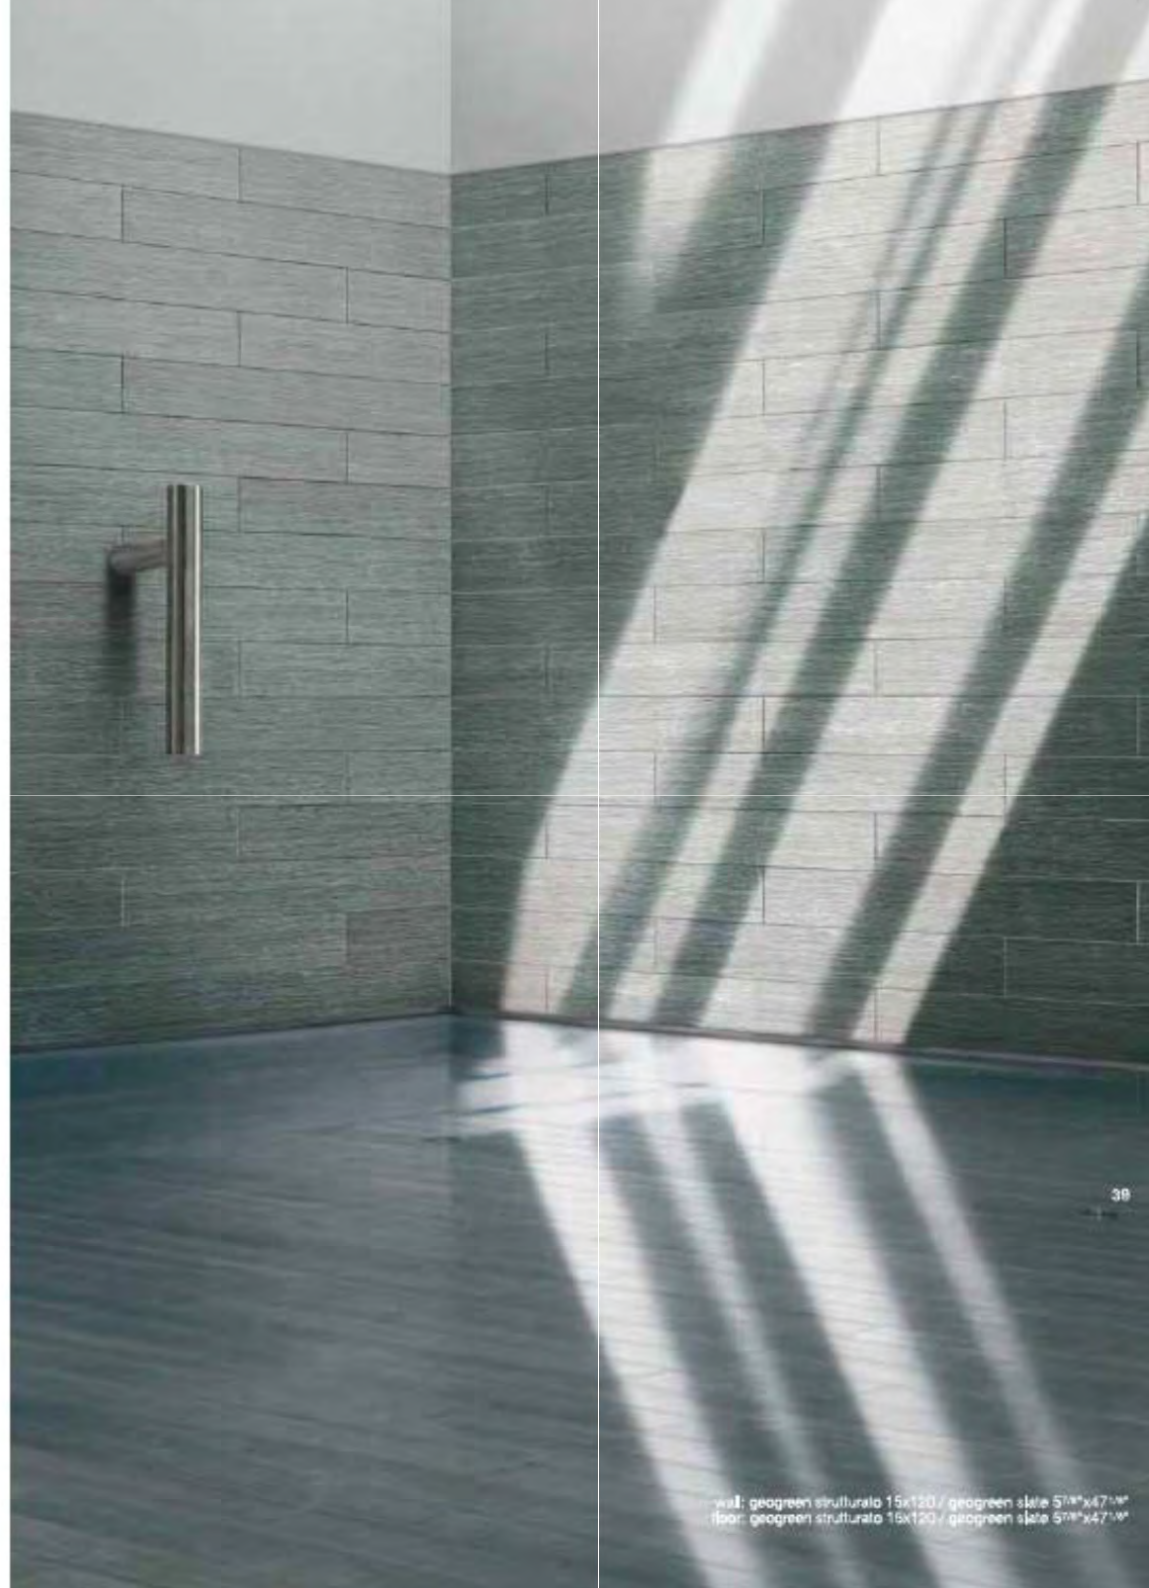

Nos inspiramos en la naturaleza y utilizamos la tecnología como un medio para respetarla

## Коллекция **GEOTECH/**

совершенно справедливо внедряется в процесс исследований и разработки новой продукции, которому компания Floorgres посвятила себя уже давно.

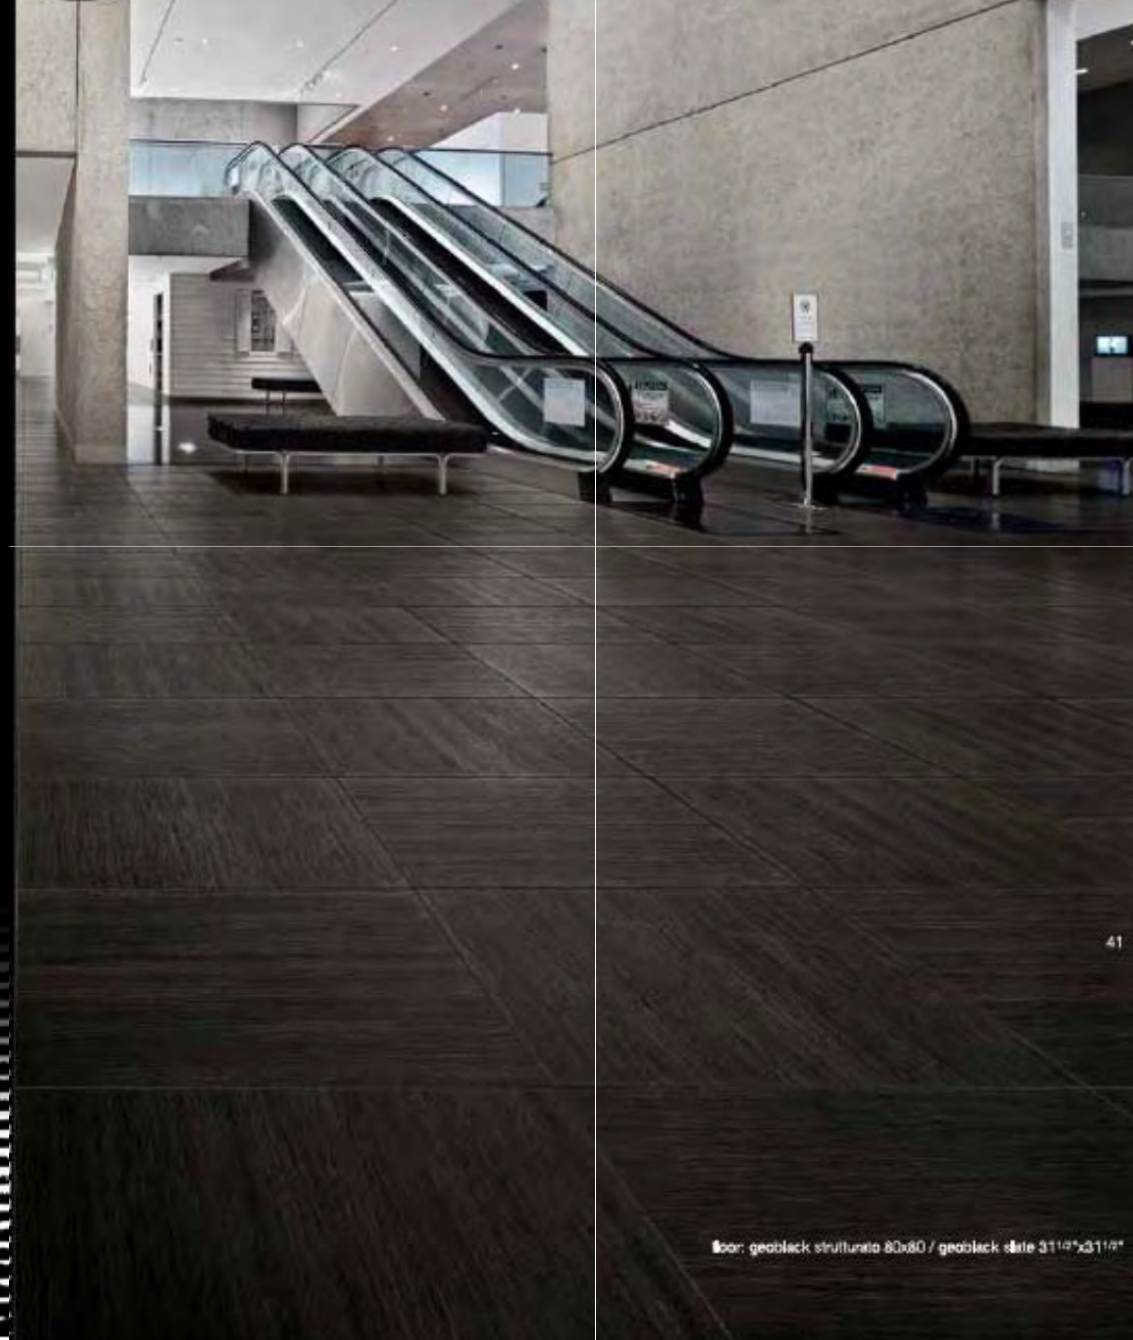

Притягивающая палитра цветов, удовлетворяющая любые проектные требования, окутана нейтральными оттенками и яркими красками.

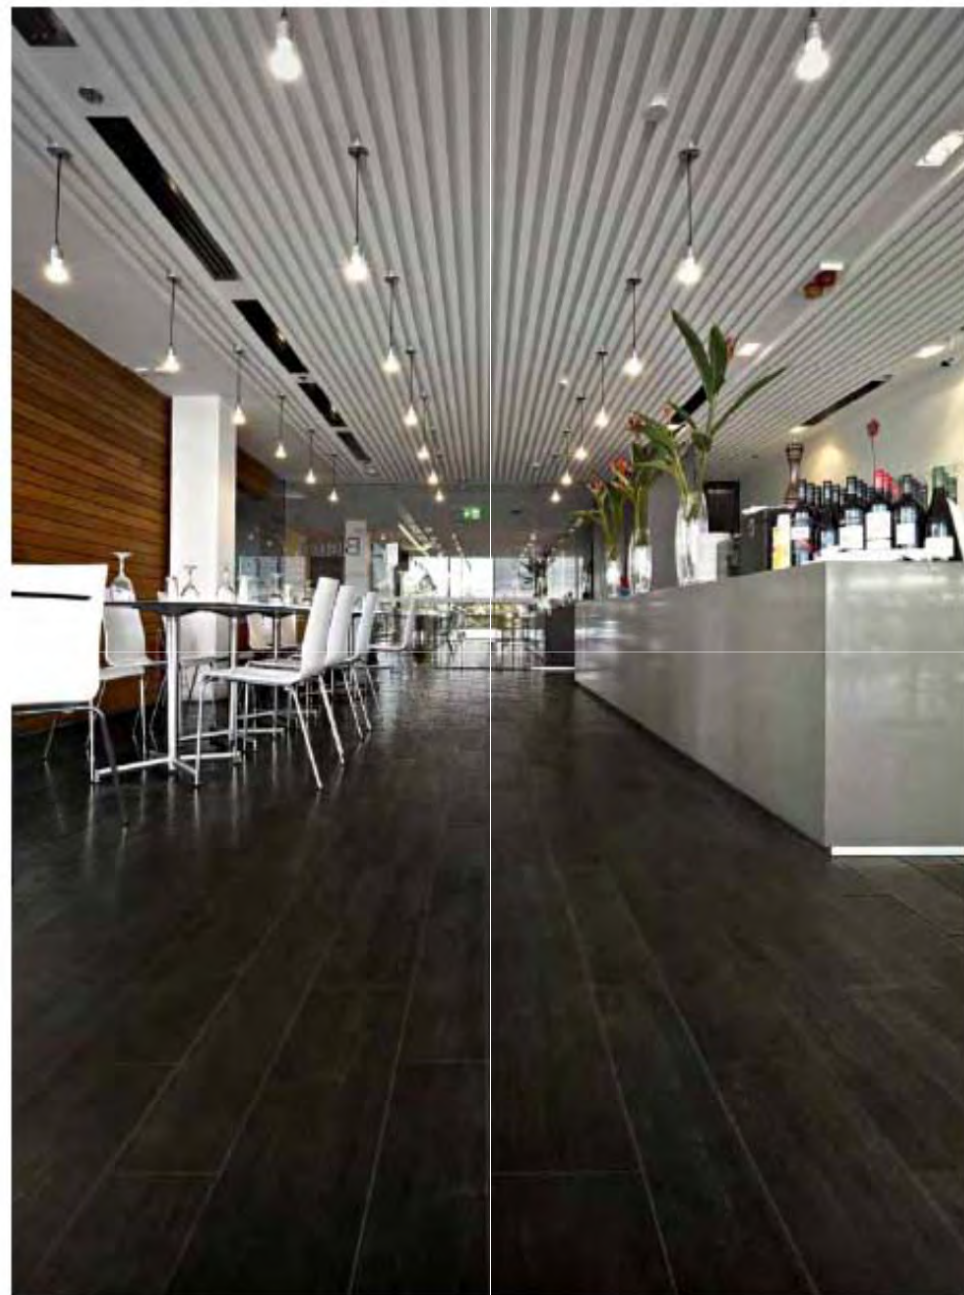

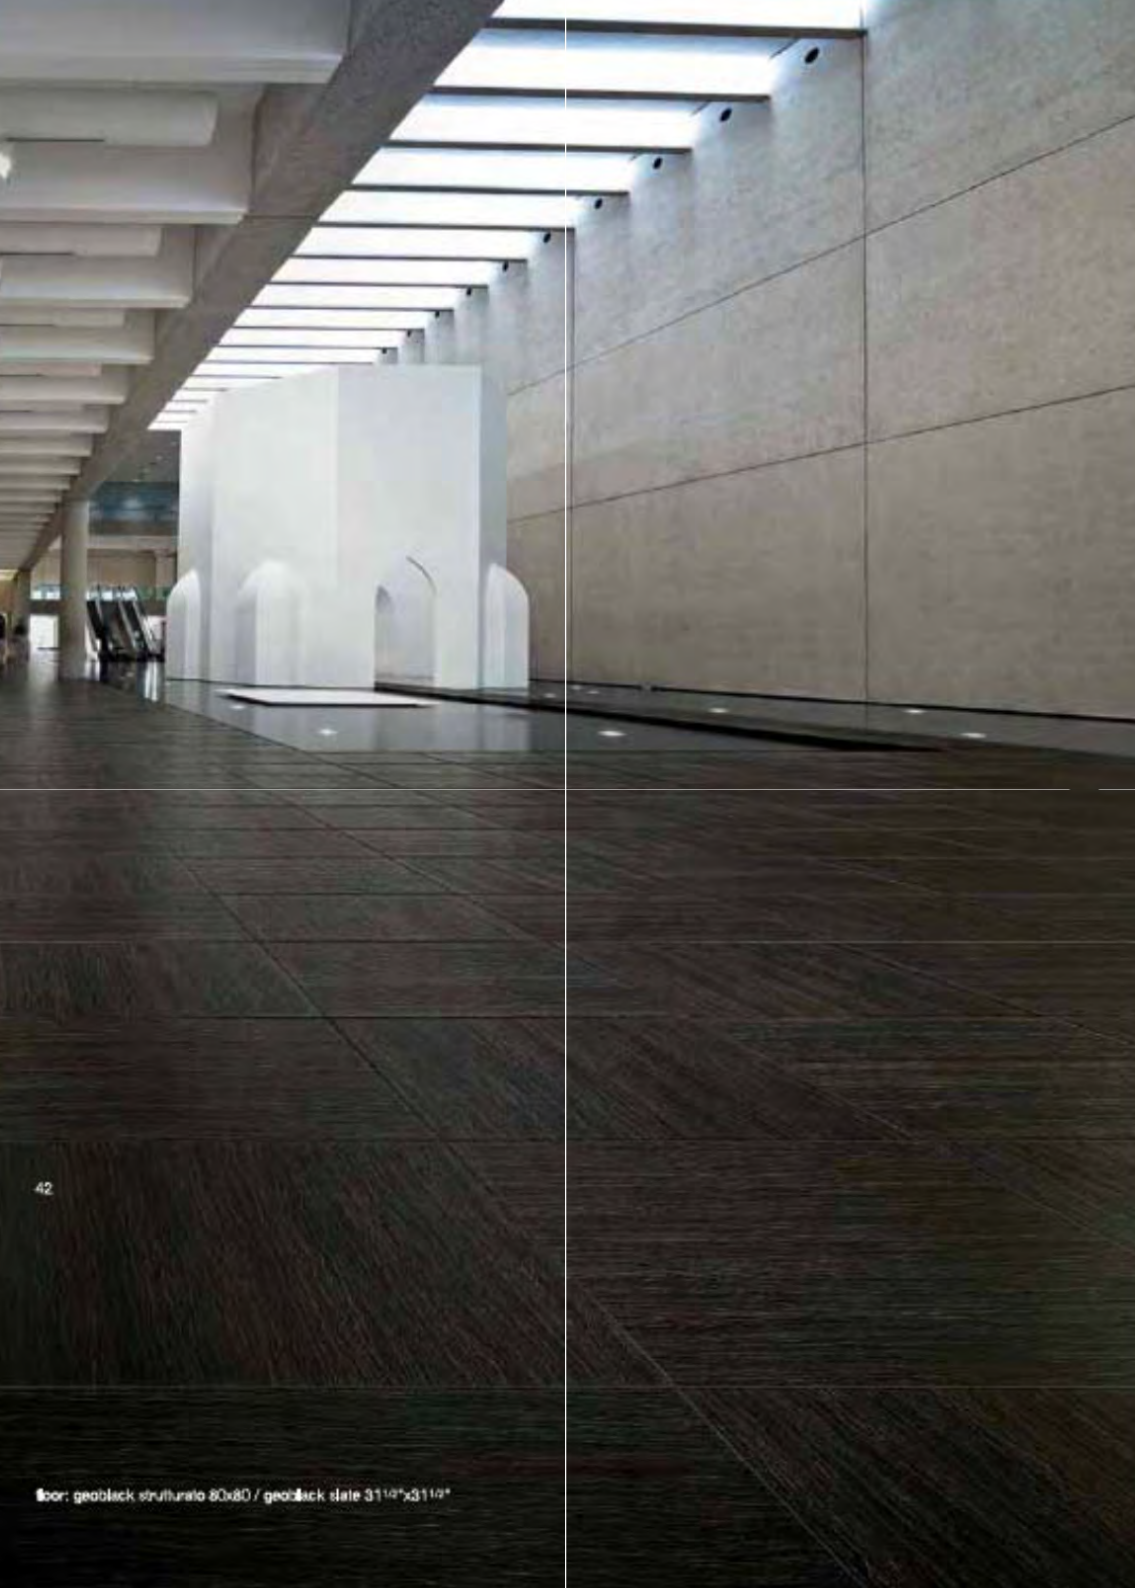

Три вида отделки поверхностей, идеально подходят для любого назначения: натуральный, структурный и инновационный вариант carpet. Для наружных поверхностей.

Восемь форматов, из которых плита в **формате 80x80**, помогает воплотить в жизнь фантазию смелых архитектурных решений.

Изысканная и необычная графика, напоминает окаменелое дерево средиземноморских лесов.
